Diane,

Ok, I spoke with Thomas and he has most of the documents pre-design. I'll forward the full RI/FS though since he didn't think he had everything.

I'm just going to send the RI/FS, all the memo's you sent to me in an email a couple months ago and a copy of the Admin Record Index. I can send him a CD of the full Admin Record if he needs.

I don't show anything else post-2017 on my project folder. Thomas said as they review they may ask for referenced documents, but this should get them started.

Let me know if there is anything else you can think of.

Thank you,

Diane,

I'll send you a list of the documents that I'm sending in a bit. If you don't mind reviewing and letting me know if there is anything else that you recommend.

Hi Justin

I know you are trying to get all site documents to CDM today. Do you have everything? Is there anything you need?
